

AN OFFICIAL DOG CATCHER IS APPOINTED

HAMILTON LEWIS IS SWORN IN AS POLICEMAN FOR PURPOSE OF ENFORCING ORDINANCE RELATING TO KEEPING OF DOGS WITHIN CITY LIMITS.

Pensacola now has an official dog catcher. Hamilton Lewis was yesterday sworn in by J. Whiting Hargis, chairman of the board of public safety, in this capacity and was given the authority, so that he can not only arrest dogs, but can take the dogs along also, in case they object to the arrest of the owner.

Chief Sanders stated a few days ago that he intended enforcing the ordinance governing the keeping of dogs in the city, and it was for this purpose that the officer was sworn in.

When dogs are taken in charge by the city authorities they are kept in the pound for a limited time, after which they are killed, if not called for and settled for by the owners.

F. S. Rexford, 615 New York Life Bldg., Kansas City, Mo., says: "I had severe attack of a cold which settled in my back and kidneys and I was in great pain from my kidneys. A doctor recommended to me Dr. Williams' Pink Pills for Pale People. I used two bottles of them and they have done me a world of good."

LEGAL NOTICE.

Notice of Application for Permit to Sell Liquors, Wines and Beers.

THE JOURNAL'S COMMERCIAL WEATHER MAP

Stream loses its identity and becomes a constituent part of the easterly current, to which it imparts a temperature far higher than would be ordinarily found in the northern latitudes.

But for the heat which the Gulf Stream brings to the realm of the North Atlantic, Great Britain would be as sterile as Labrador, and Scandinavia would be uninhabitable, while it contributes to the temperature of the region of the Arctic Circle more heat than comes to that region by direct influx from the sun.

OLD SORES and Ulcers

1 If the blood is impure—impoverished—any scratch, bruise or wound is more than likely to develop into "An Old Sore."

2 Ulcers are surface manifestations of impure, poisoned blood. Every known cause of blood poisoning is the blood, and the blood alone, which does the healing of sores and ulcers. All that medicines, salves, ointments, sticking plasters, bandages, can do is to help healthy blood heal by keeping the sore or ulcer clean and by preventing the attack of germs.

3 K.E.B.P. (Kills Every Blood Poison) supplements the external applications, by making the blood healthy and as it gives it the power to heal, it goes to the heart of the matter, and cures the blood poisoning at its source, and in working order it stops the formation of pus, and cures the ulcerated or diseased parts of the body.

4 You can stop old sores and ulcers in short order if you keep them clean, prevent exposure to the air, and apply K.E.B.P. to the sore.
